BLACK Touch Venisio Slim

1 A PERFECT FINISH

Fine-tune the frame height by using the adjustable supports (+2mm). Compatible with tiles with a thickness between 8 and 16mm.

2 EXTRA-FLAT

Only 50 mm disbursement height needed.

3 MEMBRANE TRAP

Replaces the water trap for unrivaled performance. Equipped with an anti back-siphoning system, it guarantees no smells, because it replaces the water seal. The membrane is removable and accessible from above.

4 TOTALLY WATERPROOF

For best results use with a self-adhesive butyl band (provided in the pack) and a plaster sealant (not included) for perfect watertightness.

5 EASY TO ADJUST

Divisible, ball-joint feet. Adjustable height.

6 POST INSTALLATION ADJUSTMENT

Grid height adjustable with spacers supplied.

Care instructions :

Do not use cleaning products or sulfuric acid based drain cleaners. Three steps to cleaning your powder coating.

1. Carefully remove any loose surface deposits with a wet sponge.
2. Use a soft brush (non abrasive) and a dilute solution of a mild detergent, eg, pH-neutral liquid hand dishwashing detergent in warm water (DO NOT use solvents) to remove dust, salt and other deposits.
3. Ensure you thoroughly rinse the surfaces with clean fresh water after cleaning to remove all residues.
